COLLEGE EGYPT

CCA

Co-curricular Activities
Guide

Autumn Term
2023-2024

What are CCAs

At Malvern College Egypt, a student's education is not limited to the academic curriculum. Out of class, the College has much to offer, and there are many opportunities to try new things.

During the autumn term we are proud to be able to offer a range of previously offered and new activities to students as part of the CCA programme, a number of which are off-site and are the first to be used by any school in Egypt. We are particularly proud to be associated with the Cairo Pickleball Academy and Nathaly Sabalza, an internationally award winning aerial artist and instructor.

At Malvern College Egypt the co-curriculum is an important part of a holistic curriculum that provides a transformational learning environment for the whole student.

The principles underlying the co-curriculum:

1. To encourage a balance between creativity, action and service.
2. To encourage pupils to engage in new experiences and develop new skillsets.
3. To promote health and well-being.
4. To enable pupils to develop transferable skills and the Malvern Qualities.

The CCA programme is optional for students, therefore if a student decides not to participate in a CCA they will need to be collected from College by parents at the end of the school day at 3.00pm. College transport is only provided at the end of CCA provision at 4.15pm (For off-site CCA provision transport is provided to the off-site venue. It will be the parents' responsibility to collect their child from the venue at 16:15 at the end of the CCA provision).

We encourage sixth form students to participate, however the College would also be interested if they would like to support a CCA alongside a teacher.

The timing of CCAs:

At Malvern College Egypt we offer CCA s to students on:

- Wednesday afternoon
- From 15:15 to 16:15.

PROCEDURES FOR CCAs

Students and parents

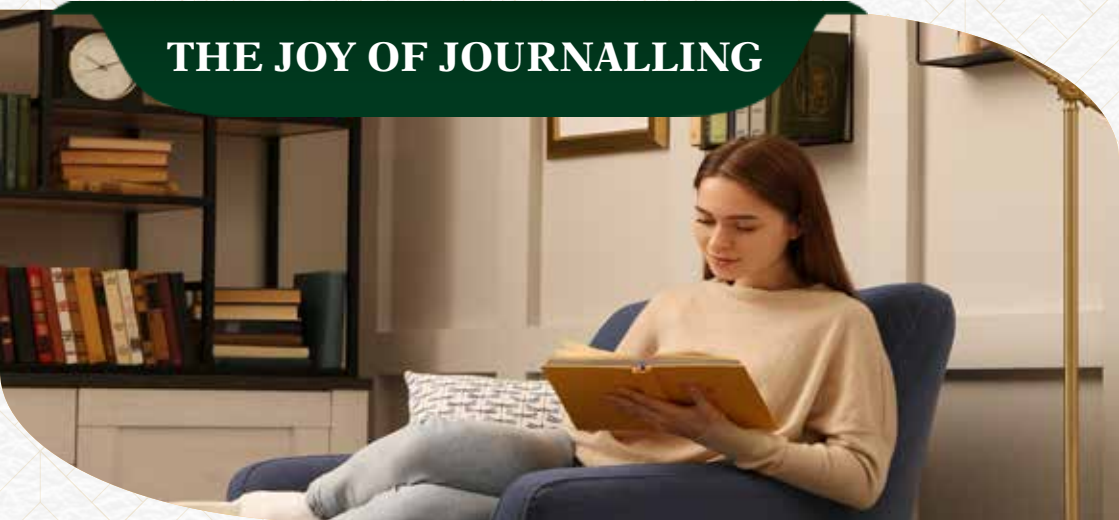

1. Students and parents are provided with a link to an online booklet explaining the activities on offer.
2. An assembly is given to students about the activities on offer..
3. Students and parents choose an activity if they wish to participate – CCAs for students are voluntary.
4. Places are allocated on a first come first served basis. This will be confirmed by the Co-Curricular Activities Office.

Transport Arrangements and Collections

Transport on a CCA day (Wednesday) will only be provided from school at 16:15. If a student is not participating in a CCA, then it is the responsibility of the parents to arrange collection from school at the end of the school day at 15:00.

Students participating in an off-site CCA will use school provided transportation. This will leave the College at 15:05 to go to the venue. It is expected that parents will then collect their child from the off-site venue at 16:15. We ask parents to avoid being late; considerate of the coaches and instructors who may have other commitments after the college's CCA session has come to an end.
